

Policies Approved by the November ASHP House of Delegates

The House of Delegates

- Ultimate authority over ASHP professional policies
- One annual session consisting of 2 in-person meetings at the June House of Delegates and 3 virtual meetings (March, May, and November)
 - The House considers professional policy proposals that have been approved by the Board of Directors
 - Most of these professional policy proposals are contained in reports from ASHP councils but may come from other component bodies, delegates, or ASHP members

November 2024 Virtual House of Delegates

The policy recommendations in the following slides were approved at the November virtual House

CPhP: Use of Two Patient Identifiers in the Provision of Patient Care

To encourage the use of two unique identifiers during the provision of patient care.

Note: This policy supersedes ASHP policy 2010.
